

PATENT APPLICATION DECLARATION  
(Attorney's Docket No.: HARI-1500)

Each of the Applicants named below hereby declares as follows:

1. My residence, post office address and country of citizenship given below are true and correct.
2. I believe I am the original, first and joint inventor of the invention claimed in the attached patent application specification entitled DEVICE AND METHOD FOR CONTROLLING SOLID-STATE MEMORY SYSTEM, for which a patent is sought, and I have reviewed and understand the contents of the attached specification, including its claims.
3. I acknowledge my duty to disclose information of which I am aware which is material to the examination of this application, in accordance with 37 C.F.R. §1.56(a) which states:

A duty of candor and good faith toward the Patent and Trademark Office rests on the inventor, on each attorney or agent who prepares or prosecutes the application and on every other individual who is substantively involved in the preparation or prosecution of the application and who is associated with the inventor, with the assignee or with anyone to whom there is an obligation to assign the application. All such individuals have a duty to disclose to the Office information material to the examination of the application. Such information is material where there is a substantial likelihood that a reasonable examiner would consider it important in deciding whether to allow the application to issue as a patent. The duty is commensurate with the degree of involvement in the preparation or prosecution of the application.

I further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
